SULTAN'S FATE STILL IN DOUBT

Young Turks Win Another Victory Over Abdul Hamid.

A COMPROMISE IS ARRANGED

Tewfik Pasha, the Grand Vizier, Makes an Agreement With Influential Constitutionalists That Is Approved by the Sultan Personally—Ruler Agrees to Withdraw From Administrative Activities.

Constantinople, April 23.—The Young Turks have won another victory over Sultan Abdul Hamid, but whether the sultan will remain as sovereign of the empire is yet to be decided, although he has offered to place the affairs of government entirely in the hands of ministers responsible to parliament.

Tewfik Pasha, grand vizier, arranged a compromise with certain influential Constitutionalists, and this was approved by the sultan personally, but doubts exist whether this agreement will be accepted by a majority of the Committee of Union and Progress or by enough of the military group to carry it into effect.

In addition to promising to withdraw himself from administrative activities, the sultan agrees to a change in the personnel of troops guarding the palace, and the replacing of the Constantinople garrison by troops from the corps which has practically been investing the city for four days. The chamber of deputies and some of the senators met at San Stefano and are now discussing the question of the deposition of the sultan.

The warships have gone to that place and officers and men have offered their services to the Constitutional party. Mahmoud Schekef Pasha, commander of the Third army corps, has arrived at that place, and the concentration of the investing army is now complete. Doubtless the next twenty-four hours will decide the fate of the sultan, who remains passively at his palace, awaiting the issue.

Authorities are closing their eyes to the great number of desertions from units stationed in the capital. Hundreds of soldiers, uniformed but without arms or munitions, are slipping out, bound for Asia Minor. Their old battalions will be freshly recruited and shifted to the provinces, which will make the introduction of the Constitutional soldiers an easy matter.

Fewer white or green turbaned priests are seen on the streets. Many of them also have left the city for places in Asia, threatening to raise the country and return with the faithful to rescue the Grand Caliph and save the religion from the unbelievers. Newspaper extras, issued Thursday night announced that the crisis was past. This caused general relief. Politics were discussed freely in cafes, but the sultan was rarely mentioned.

IN A REMARKABLE MANNER

Events in Constantinople Are Rapidly Developing.

London, April 23.—While to outward semblance events in Constantinople are marking time, they really are developing in a remarkable manner. A week ago it seemed as if the old autocratic regime again had taken a firm hold of the Turkish empire, and the sultan held the destinies with its defensive forces in the hollow of his hand. Today, the Young Turk reformers, sitting in assembly at San Stefano, which is the Versailles of the present campaign, are holding Constantinople at their mercy, while they discuss the fate of the sultan, who is practically a suitor to them for his life.

True, Abdul Hamid has displayed all his well known diplomatic finesse, but if he retains his throne, it will be a throne shorn of all its traditional despotic power. His army and navy both have declared their fidelity to the constitutional cause and although a portion of the troops might still rally to the imperial call, the reformers appear to have gained a grip over the empire which they are not likely again to lose.

Mahoud Schesket Pasha, commander of the Third army corps, who is in charge of the campaign of the Constitutional party, is now at San Stefano, with the army and fleet ready to enforce the decisions of the Young Turk national assembly. How affairs will develop can only be conjectured, but probably today will see the issue decided.

Serious news comes from Anatolia, which places the loss of life in the

Armenian massacres at 10,000, but according to Constantinople dispatches and an official statement issued in London from the Turkish embassy, effective military measures are being taken to restore order. The alarming spread of this outbreak of Moslem fanaticism still points to serious difficulties ahead for the Turkish reformers.

FARNUM IS CROSS-EXAMINED

Actor Declares Mrs. Howard Gould Always Was a Lady.

Chicago, April 23.—Between a bad tooth and a wearisome cross-examination by Attorney Archibald R. Watson, representing Howard Gould, Durin Farnum put in a trying day here in the law office of Louis C. Ehle, who was appointed by the New York supreme court to take the actor's deposition covering the allegation of Mr. Gould that his wife, Katherine Clemmons Gould, had miscondacted herself at divers times and places with Mr. Farnum.

Mr. Farnum displayed little of that irritability which had prompted him Wednesday night to remark that he would like to slap Howard Gould's face. The actor was patient and pleasant in answering the haggings of the lawyers and acquitted himself to the satisfaction of Attorney Clarence J. Shearn of New York, representing Mrs. Gould. In all points Mr. Farnum parried and denied the charges made against him and Mrs. Gould, declaring that she always was a lady, and that he could not remember ever seeing her take a drink of intoxicating liquor.

GIVES LITTLE INFORMATION

Henry Overbeck Examined by Investigating Committee.

Madison, Wis., April 23.—A most searching examination of Henry Overbeck by the senatorial primary investigating committee to get something from him concerning the methods used by Stephenson workers to get members of the legislature to palm their votes during the deadlock or to stay out of the joint convention when it might affect Stephenson's election, or to stay in for the same reason resulted in bringing out little or no information.

Although hundreds of questions were hurled at him, he remained unperturbed and little of a material nature was gathered from his testimony. The inquisitors even went so far as to ask Mr. Overbeck to go through the legislative directory and name the members to whom he might have spoken in behalf of Stephenson. Mr. Overbeck obligingly did so, and after an hour's perusal of the little red book, named about 115 out of the 133 members of the legislature.

Assemblyman Zimmerman also testified. He stated that Assemblyman Leuch informed him that David Davies, a detective employed in Stephenson's interest, told him (Leuch) to name his own price for the purpose of going in the joint assembly to make a quorum.

GREAT LAWYERS' MEETING

Society Composed of Legal Lights Has Convention in Washington.

Washington, April 23.—The American Society of International Law, composed of lawyers and others interested in the questions that arise between nations, holds its third annual meeting in this city today and tomorrow.

The president of the society is Elihu Root, senator from New York Oscar S. Straus, former secretary of commerce and labor, is chairman of the executive committee, and Charles Henry Butler, reporter of the United States supreme court, is the corresponding secretary. Among the vice presidents of the society are President Taft, Chief Justice Fuller, Justice Day, Andrew Carnegie, Joseph H. Choate and Justice Brewer.

Woman Burned to Death.

Faribault, Minn., April 23.—Wood placed in a kitchen oven to dry was left so long that it became ignited, and when Mrs. Gunchild Rudingen, seventy-five years old and residing on a farm near Nerstrand, opened the oven door and admitted the air the flames darted forth, setting fire to her clothing and enveloping her whole body, causing burns from which she died.

PATTEN HAS WITHDRAWN

Bull Leader Said to Have Quit Wheat Market.

GOES TO NEW MEXICO RANCH

Wheat King Seeks Rest in the Fastnesses of the Southwest—Bears Fill the Chicago Pit in a Dense Mass and Pour Forth a Swollen Stream of Wheat—Tremendous Liquidating Market.

Chicago, April 23.—That James A. Patten, hailed throughout the country as the "wheat king," has withdrawn from the market after disposing of his heavy holdings of May and July wheat, was asserted in many quarters here. To this assertion verisimilitude was added by the fact that prices have tumbled 9 cents in the past week, and that Mr. Patten himself has sought rest in the fastnesses of a New Mexico ranch.

Whether he has eliminated himself from the so-called "deal," and, if so, whether he came out with profit or loss, are questions which can be answered only by Mr. Patten himself.

Those who read the dispatches from Colorado anent the discouraging reception met by a reporter who tried to interview the big speculator at Trinidad between trains, expressed the opinion that this answer seemed unlikely to be forthcoming.

The session of the board of trade was sensational. Bulls had expected that after the 6-cent decline of the two previous sessions, a recovery would ensue. Taking the Patten view of a big crop shortage as correct and wheat intrinsically worth all that has been paid for it, in a purely speculative way the reaction was due.

But the first quotations were a startling disappointment to the bulls. From nearly every point came reports of normal, or even better, crop prospects. Liverpool prices were down and the shipments from Argentina, Australia and other foreign countries were said to be greater than usual at this time of the year.

Bears Filled the Wheat Pit.

Bears filled the wheat pit in a dense mass, and like an eruptive volcano poured forth a swollen stream of wheat. Longs liquidated all along the line, and the execution of stop-loss orders added to the confusion.

Frequently it was impossible to make a sale within three quarters of a cent of the price designated by the customers to his broker.

The Patten vortex of other and more bullish days into which the cereal might be poured seemingly without affecting its appetite was not in evidence. It was a tremendous liquidating market, and Patten might have been buying secretly through others than his own house. From him there has come no word that he has changed his views as to the value of wheat. He called May wheat cheap at \$1.29 and if he still thinks so it is pointed out that the same option at \$1.21 was an excellent investment. The same was said of July at \$1.09. These prices are approximately 9 cents under the high price of last Friday.

While Mr. Patten, quoted as saying he was fleeing from reporters, was making for the ranch of his friend and partner, W. H. Bartlett, just over the Colorado line in New Mexico, dejection was pictured on the face of many a small speculator haunting the ticker in various brokerage houses.

Many a fortune has been wiped out by the decline this week, and many a man who had a handsome profit on paper, but still hung on for more, now confronts a deficit. There are many such. The wide publicity given the market brought into it many a man who ordinarily walked in quieter paths. Even the "regulars" for the most part followed the bull leaders with unusual enthusiasm.

EDITORS AND PUBLISHERS

Attend Banquet at the Waldorf-Astoria in New York.

New York, April 23.—Editors and publishers of this country to the number of 600 attended the joint banquet of the Associated Press and the American Newspaper Publishers' association at the Waldorf-Astoria Count Johann Heinrich von Bernstorff, German ambassador, and Joseph H. Choate, former ambassador of the United States to Great Britain were guests of honor and delivered speeches appreciative of the work of the press. Other speakers were Major John C. Hemphill of the Charles ton News and Courier, Rev. Robert J. Burdette of Los Angeles and ex-Senator T. M. Patterson of Colorado.

BOYLE TRIED TO COMMIT SUICIDE

Kidnapper of Willie Whittia Attempted to End Life.

AUTHORITIES ARE WORRIED

Discover a Well Planned Attempt on the Part of the Prisoner's Friends to Effect His Escape From Prison at Mercer, Pa.—Find Ladder in Position at a Window in Boyle's Cell

Mercer, Pa., April 23.—The Mercer county authorities are greatly worried over an alleged attempt of James H. Boyle, the Whittia kidnapper, to commit suicide and later a well planned attempt on the part of supposed friends on the outside to liberate the prisoner from the jail here.

It was learned that early Wednesday morning Boyle suddenly became ill. He was found in his cell in the agony of convulsions. Doctors were hurriedly summoned and worked until late that night, when his condition improved. Now Boyle is ill, but serious consequences are not feared. Excepting that his illness was such as would have resulted from some powerful drug, nothing can be learned.

A few minutes after midnight Wednesday night an attempt to liberate Boyle failed on account of the prisoner's illness. At that hour guards found a twenty-foot ladder in position at a window in Boyle's cell. The supposition is that the men who were to free Boyle climbed this ladder and then found his cell empty the prisoner being in the jail hospital because of illness.

That Boyle is making every effort to escape is indicated by a letter found on his person addressed to Sharon, Pa., in which he described the best way to effect his liberty. It is alleged Boyle wrote this letter some time ago but could find no way to mail it.

At nearly every turn, Sheriff Chess is said to uncover traces of an attempted escape on the part of Boyle. Extra guards are now on duty.

Since the mystery which has surrounded Mrs. Boyle, or Helen Anna McDermott of Chicago, was dissipated by admissions of both the prosecution and defense, the woman has not been so vivacious. Her only desire now is to have her trial rushed to a quick conclusion. She is said to believe she cannot be convicted in this state and can be held only for a minor offense in Ohio.

McNamara Found Guilty.

Mason City, Ia., April 23.—After having been on trial for five weeks on the charge of having killed his father, Edward McNamara was found guilty of murder in the second degree. He will be sentenced to imprisonment for life.

GALLAGHER ON THE STAND

Tells How He and Other Supervisors Escaped Punishment.

San Francisco, April 23.—Picking his way carefully between the pitfalls of a searching cross-examination, James L. Gallagher, chief witness for the prosecution in the trial of Patrick Gallopin, finished the second day of his ordeal with a circumstantial narration of arrangements whereby he and sixteen other supervisors of the Schmitz board escaped punishment for accepting bribes paid them by Abraham Ruef.

Gallagher was asked to describe conditions preceding his interview with Rudolph Spreckels in the Presidio military reservation, where, as chairman of the board, he obtained the assurance that he and his colleagues would escape punishment.

"You surely did not go there on a mere suggestion, with the intent to confess your participation in a multiplicity of crimes?" asked Attorney Moore, for the defense.

"I confessed to no crimes at that time," replied Gallagher. "My action was based on my knowledge of the facts and the disclosure made by the supervisors who already had been trapped. I had reason to believe that Supervisors Lonergan and Walsh had already confessed and that Bonxton had confessed or was about to do so. H. M. Owens, who represented myself and other members of the board, told me Bonxton was certain to be convicted of bribery unless he made a statement."

ARBOR DAY IN ILLINOIS

School Children of the State Celebrate by Planting Flowers.

Chicago, April 23.—By proclamation dated March 1 Governor Deneen designated today as Arbor day for the state of Illinois and asked that the day be appropriately observed with exercises and the planting of trees, shrubs and flowers around school houses and homes.

Arbor day is being generally observed throughout the state. In this city and elsewhere the schools were closed early in order to permit the children to take part in the exercises. The women's clubs, the Women's Outdoor Art league and other organizations of women have interested themselves greatly in the holiday.

COMMOTION IN CAMP OF DEFENSE

Caused by Alienist Retained by the Hains Lawyers.

Flushing, N. Y., April 23.—A commotion was caused in the camp of the defense at the trial of Captain Peter C. Hains, Jr., for the murder of William E. Annis; by Dr. L. S. Manson, an alienist retained by the defense, who declared that in his opinion Captain Hains was not insane at the present time and that the defense did not intend to raise such an issue but would rest with the proof that the defendant was insane at the time of the shooting.

The physician was severely censured by the Hains' lawyers for expressing this opinion, and afterward partly denied having made this statement credited to him.

John F. McIntyre, chief counsel for the defense, admitted that two of their alienists were of the opinion that the prisoner was now sane, but he said he did not agree with them. Mr. McIntyre further stated that he hoped a commission in lunacy would be avoided and that the question of his client's sanity would be left for the jury to pass upon after all the evidence had been placed before them.

Two new jurors have been added to the five already in the box.

Two Killed by Cave-in.

Joplin, Mo., April 23.—A cave-in at the M. & B. mine near here killed two men, injured two and entombed Thomas Gibbs, part owner of the mine, under twenty-five feet of debris. Rescuing parties were put to work and it is expected that Gibbs soon will be rescued.

COMMOTION IN CAMP OF DEFENSE

Caused by Alienist Retained by the Hains Lawyers.

Flushing, N. Y., April 23.—A commotion was caused in the camp of the defense at the trial of Captain Peter C. Hains, Jr.; for the murder of William E. Annis; by Dr. L. S. Manson, an alienist retained by the defense, who declared that in his opinion Captain Hains was not insane at the present time and that the defense did not intend to raise such an issue but would rest with the proof that the defendant was insane at the time of the shooting.

The physician was severely censured by the Hains' lawyers for expressing this opinion, and afterward partly denied having made this statement credited to him.

John F. McIntyre, chief counsel for the defense, admitted that two of their alienists were of the opinion that the prisoner was now sane, but he said he did not agree with them. Mr. McIntyre further stated that he hoped a commission in lunacy would be avoided and that the question of his client's sanity would be left for the jury to pass upon after all the evidence had been placed before them.

Two new jurors have been added to the five already in the box.

Two Killed by Cave-in.

Joplin, Mo., April 23.—A cave-in at the M. & B. mine near here killed two men, injured two and entombed Thomas Gibbs, part owner of the mine, under twenty-five feet of debris. Rescuing parties were put to work and it is expected that Gibbs soon will be rescued.

as second class matter.

FRIDAY, APRIL 23, 1909.

WEATHER FORECAST
Partly cloudy tonight and Saturday;
warmer tonight.

THE club bill which aimed to give regu-
larly organized clubs the right to sell
liquor without a license failed to pass
and the legislature showed good judg-
ment in killing it.

THE legislature has adjourned and
Gov. Johnson ought to be one of the
most satisfied men in the state—outside
of the iron belt. "Johnson luck" is
what some people call it.

UNDER the new management of
Editor Wagner the size of the Pine
Tree Blaze has been increased to a
seven column, six page paper, and shows
other signs of improvement. Pine
River now has two excellent weekly
papers.

THE Walker Pilot suggests that one
of the curiosities shortly to be exhib-
ited will be a republican holding office
by appointment in Minnesota. Yes,
the legislature has now adjourned and
the weeding out process can commence
without fear.

SENATOR NELSON has taken up the
cudgel in behalf of the printers of the
country and will endeavor to have a
law passed prohibiting the government
from entering into competition with
them in printing and furnishing en-
velopes at a cut rate price.

ALTHOUGH a year will elapse before
the government will begin active opera-
tions in taking the next census of the
United States plans for the same are
being completed so that everything
will be readiness on April 15, 1910,
which is the date set for the start.
This enumeration takes place every ten
years and during the last census in
Minnesota there were 1,700 enumera-
tors employed which number will be
increased to 2,200 to do the work now
under contemplation. Each of the nine
congressional districts will have a su-
pervisor and in making the count the
lines of the congressional
districts will be followed. Super-
visors will be paid a salary of
\$1,500 per year and in addition will re-
ceive \$1 for every thousand people
enumerated which will bring the pay
of the parties with a political pull
strong enough to land the job up to be-
tween \$2,000 and \$3,000, and in dis-
tricts where larger cities are located
the amount will be greater. The enum-
erators will be paid per capita, except
in sparsely settled districts where they
will be paid by the day. The appoint-
ing of the supervisors is made by the
president and confirmed by the senate,
but the actual naming is left to the
congressmen and senators and is con-
sidered part of their patronage, and
the enumerators are appointed by the
supervisors. After their appointment,
which is to be made as soon as the bill
is passed, the supervisors for this state
will assemble either in St. Paul or
Minneapolis where the director of the
census will commence their education
in order that they may be fully equipped
to perform the duties required of
them.

LOCAL NEWS NOTES

Awnings! Awnings! at D. M. Clark
& Co. 234tf

M. E. Ryan went to Pequot this af-
ternoon on business.

Peter Yde was up from Sylvan today

this morning after spending a couple
of days here on his monthly trip.

Jacob Schmidt's bottle beer is deli-
cious. We have the agency. Order a
case. Telephone 164 John Coates Liquor
Co. tf

Louis Hohman, Sr., is limping around
with a very sore foot, caused by drop-
ping a heavy sample trunk onto it.

C. N. Schwartz, of Fargo, was in the
city yesterday afternoon looking after
his residence property in East Brainerd.

**Social dance given by Court Mag-
nolia U. O. F., Friday evening, April
23rd in Columbian Hall. Tickets
25c. 270t4p**

E. A. Lamb, of Washburn, N. D.,
was in the city last night on business
leaving for the twin cities this morn-
ing.

A. A. Guith, of Deerwood, came down
last night and went to Crow Wing to
look after his iron prospecting drills
there.

J. A. Oberg and N. P. Emil Carlson,
of Deerwood, were in Brainerd last
night and today, and went to the cities
this afternoon.

C. N. Parker arrived in St. Paul yester-
day from California, where he spent
the winter and is expected to arrive
here tomorrow.

Geo. Ridley and Frank and Will Ly-
onais returned today noon from Aitkin
where they attended the Eagles blow
out last night.

**Just received some more of those
pretty little Gift-Books for your
sweetheart, MAN AND HIS MATE at
Losey & Dean. 270t3**

Mrs. R. Hodge went to her home in
Crow Wing yesterday afternoon, after
having visited at the home of Mr. and
Mrs. W. W. Hutchins.

Mrs. J. C. Hessel and Miss Grace
left today for their future home in
Portland, Oregon. John accompanied
them as far as Staples.

Will take orders to make camping
houses. Made in sections, can be put
up in short time. E. J. Rhone. 264t6

B. S. Merrill, the conductor on one
of the north end locals on the Minne-
sota & International railroad, was in
the city today on business.

H. W. Linnemann's little daughter
is sick with diphtheria. Mr. Linne-
mann is quarantined outside so as to
be able to attend to business.

Store your stoves and household
goods with D. M. Clark & Co. 151tf

F. H. Gruenhagen returned from
Walker where he had been to look up
the work of figuring on the heating
plant for the new school house.

The last pay day was a poor one and
in order to meet his bills E. J. Rhone
must try a special bargain offer. You
know how it is to be in a pinch. Bicy-
cles, umbrellas and household goods
must go at once at any price that can
be obtained. 273t2

New Railroad Into the Cuyuna
Range Will be Commenced
in Sixty Days

ACCORDING TO DULUTH HERALD

A Belt Line About Deerwood
Predicted--Soo Line Will
Also Be Built

"Active work on the construction of the Cuyuna Iron Range railroad, the new line that is to connect Deerwood and the Cuyuna range with the Head of the Lakes, will be commenced within the next sixty days. The company's contracts require that the road shall be in a position to handle tonnage from the new range by June or July of next year, and to complete the line within the required time it is necessary that the work be begun at the earliest possible moment.

Grading crews will be started at both ends. Track-laying will be commenced at the Rabbit Lake end to enable the company to use its line at the start as a connecting spur to the Northern Pacific and facilitate the transportation of machinery and supplies to the mines.

Several surveys have been made, and the company has the choice of several routes. The line will start from the Mississippi river and cross Rabbit lake at its narrowest point. From thence it will run southeasterly and intersect the Northern Pacific at or close to Deerwood. The road will probably run from there direct to the head of the lakes. It will be a single track at first, but with grading sufficient for additional trackage when needed.

The rapid developments of the range and the frequent locating of new deposits, has made it difficult to decide on the most feasible course for the main line. A belt line from Deerwood, tapping the mineral lands both north and south of the Northern Pacific, is being considered and numerous spurs to properties which will not be touched by the main line, are included in the plans.

About forty acres have been purchased for the Eastern terminals. This gives about half a mile of water frontage, and more land will be purchased as needed. The road will be equipped both for heavy ore hauling and passenger traffic.

There is little doubt that the Soo will build into the range country as soon as possible. It is a comparatively short distance from the main line of the Soo, south of Mille Laes lake to the range, and surveys have been made with a view to running a branch either to Brainerd or Jonesville and bidding for a share of the traffic.

Deerwood and the surrounding country are just now experiencing a land boom of no small proportions. Iron lands are practically out of the market. Mineral finds are so frequent that property owners and would-be buyers are kept in a state of constant expectancy. The new town of Cuyuna, near Rabbit lake, has several store buildings, a postoffice, hotel and other structures, and lots are selling at prices that would have purchased several acres of the same land a few years ago.—Duluth Herald.

MUSIC AND DRAMA

"Girls"

The Messrs. Shubert announce for an engagement of at the opera house, May 5th, Clyde Fitch's greatest comedy "Girls." No comedy of recent years has made the sustained appeal to the lovers of clever and unique stage writing that "Girls" has, and the fact that all classes and both sexes find it equally diverting, is the surest indication the author knew his subject when writing this gently satirical story on the question of women's independence. It will be seen here with all the lavishness as to production and cast that marked its long New York run at Daly's theatre.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. H. P. Dunn. mwf

PROCEEDINGS ARE
FORMALLY BEGUN

Today to Condemn Minnesota
Water Plant by the
City

HEARING ADJOURNED TO MAY 16

When Commissioners to Appraise
Plant will be Appointed by
Judge McClenahan

Special City Attorney A. D. Polk appeared before Judge W. S. McClenahan in the district court room this forenoon and formal proceedings were had for the condemnation of the plant of the Minnesota Water Works company. The proceedings were purely formal and occupied but a short time. Mr. Polk proving by the testimony of Judd Wright superintendent of the Water Works company, that the property described in the petition was the property of that company and all of its property used in the exercise of its duties as a public service corporation. Con O'Brien was sworn and testified as to the necessity of the condemnation proceedings. The hearing was then adjourned until May 10th, at which time commissioners will be appointed for the appraisal of the plant. The adjournment was taken that the incoming city administration might be consulted in regard to the selection of the commissioners.

LOCAL NEWS NOTES

(Continued from 2nd page)

The juvenile concert band held a very successful dance at Gardner's hall last night. There was a large crowd present and all enjoyed themselves. The band furnished the music for the evening and the boys are showing rapid improvement in their playing and bid fair soon to be one of the leading bands in this section.

"Bert" McCauley, of Brainerd, the popular young pay clerk on the M. & I., arrived in the city last evening and left on the Bemidji-International Falls freight train this morning to deliver the monthly checks to the "boys" on the north end of the line. It is whispered in railroad circles that "Bert" has taken a course of civil engineering through the correspondence school and is about to become the assistant engineer of the road.—Bemidji Pioneer.

We now carry a stock of the celebrated Pictorial Review Patterns, 10c, 15c, none higher. The Pictorial Review patterns are the only patterns that have the patented cutting and construction guide. The Cutting Guide shows how the patterns should be laid out on the material so that there will be no wasted goods, no spoiled material, no mixing of parts, and no cutting against the nap. The Construction Guide shows at a glance how to sew the different parts together, where to attach revers, collars, trimmings, etc.—M. J. Reis, 7th Street. 27312

Brainerd Homestead No. 602, B. of A. Y., held a very pleasant as well as profitable meeting at Elks' hall Wednesday evening. Several applications for membership were presented to the order. After the close of business of the order the remainder of the evening was spent in dancing and there were several social games of 500 in progress. At 12 o'clock the party broke up, each and every one present declaring that they had spent a most delightful evening. The Brotherhood of American Yeoman are an up-to-date society. Anyone wishing fraternal insurance can make no mistake by joining this order.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and aff ective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. H. P. Dunn. mwf

FOUND DEAD IN THEIR ROOM

Wisconsin Man Probably Killed His Wife and Himself.

Cedarburg, Wis., April 23.—Charles Gottschalk, Jr., and his wife were found dead in their room here. A discharged revolver on the floor indicated that Gottschalk killed his wife and then himself. The couple had quarrelled frequently and it is presumed that the shooting followed such a quarrel.

Their only child, a boy, was not at home at the time of the shooting.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn. mwf

FARM, HOME AND GARDEN

FARM GROWN FEEDS—CLOVER

The ease and abundance in which clover grows in this section of the state is the strongest indorsement of its agriculture. Whenever clover may be grown, farming may be conducted successfully.

Clover is not only one of the most valuable feeds for all kinds of stock, but it enriches the soil where it is grown.

Clover is grown in every rotation and on every field on the Experiment Farm at least every fourth year. This is done to give all the fields its benefit. Generally it is used but one year and then plowed up for some other crop. Owing to the high price of clover seed, this frequent reseeded may seem an extra expense, but the increased yield not only in clover, but in the crops that follow pays for the seed many times. In fact the increased yield from one acre of the first year cutting, over that of an old field will more than pay for the seed of ten acres.

Clover may be seeded with any kind of grain in this section of the state. The growth is so vigorous that no consideration need be given to nurse crop. It may be seeded with or without timothy. On the Experiment Farm a mixture of the two is used, about half and half in weight. It cures more easily and makes a finer quality of hay than if grown alone. From 6 to 10 pounds seed per acre and the same of timothy, owing to the richness of the soil, moisture, etc.

Use medium red clover for the upland hay crop, mammoth for plowing under (recommended only for sandy soil,) and alsike for low land that is in danger of standing water and where it is left in meadow more than two years. Clover hay is a valuable feed for dairy cows, but requires considerable care in curing to retain all its quality. It should be cut early, rather than too late, and put up green rather than over dried or rained upon. Best results are secured when cut in full bloom. Our system in haying is to cut one day, and get in the mow the next. The hay may be sufficiently cured in this time when the weather is favorable. A hay tender is very necessary in curing clover hay, that yields from 2 to 3 tons per acre. Hay that is cut one forenoon is tended the next morning as soon as dew is off, and again just before dinner. The rake is started in the afternoon, and the hay hauled in at once. One ton of clover hay cured in this way is worth two tons of hay that has been rained on and weather beaten, especially in the production of milk.

Grow clover. Feed it on the farm. It has a double value, and for this section it replaces "corn as king."

TALKING OVER THE TARIFF

Economists, Legislators and Others Discuss Subject at New York.

New York, April 23.—The spring meeting of the Academy of Political Science, which began at Columbia university today, will be devoted to a discussion of the tariff question as viewed from many sides.

Among the speakers will be President Nicholas Murray Butler of Columbia university, United States Senator A. J. Beveridge, Leslie M. Shaw and Miss Ida M. Tarbell.

Fifteen addresses on the tariff question will be delivered by various prominent authorities on the subject. Some of the speakers and subjects will be:

"Reasons For Tariff Revision," by Professor Henry C. Emery of Yale; "Tariff on Works of Art," Robert W. De Forest; "Tariff on Paper," Hugh J. Chisholm; "Tariff in Relation to Books," George Haven Putnam; "Boot and Shoe Industry and the Tariff," Charles H. Jones; "A Tariff Programme," President Nicholas Murray Butler; "The Tariff Situation," Senator Albert J. Beveridge; "Tariff Revision," ex-Congressman James T. McCreary; "How the Payne Bill Affects Woman," Miss Ida M. Tarbell.

Girl Commits Suicide.

St. Paul, April 23.—Mary Doris I. Morris, seventeen years old, killed herself by eating the heads of a box of matches in the apartments of Miss Frances Johnson, a school teacher, at 614 Central Park. It was her second attempt to end her life. An unhappy love affair is thought to have impelled the girl to self-destruction.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Puttively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

TALKING OVER THE TARIFF

Economists, Legislators and Others Discuss Subject at New York.

New York, April 23.—The spring meeting of the Academy of Political Science, which began at Columbia university today, will be devoted to a discussion of the tariff question as viewed from many sides.

Among the speakers will be President Nicholas Murray Butler of Columbia university, United States Senator A. J. Beveridge, Leslie M. Shaw and Miss Ida M. Tarbell.

Fifteen addresses on the tariff question will be delivered by various prominent authorities on the subject. Some of the speakers and subjects will be:

"Reasons For Tariff Revision," by Professor Henry C. Emery of Yale; "Tariff on Works of Art," Robert W. De Forest; "Tariff on Paper," Hugh J. Chisholm; "Tariff in Relation to Books," George Haven Putnam; "Boot and Shoe Industry and the Tariff," Charles H. Jones; "A Tariff Programme," President Nicholas Murray Butler; "The Tariff Situation," Senator Albert J. Beveridge; "Tariff Revision," ex-Congressman James T. McCreary; "How the Payne Bill Affects Woman," Miss Ida M. Tarbell.

Girl Commits Suicide.

St. Paul, April 23.—Mary Doris I. Morris, seventeen years old, killed herself by eating the heads of a box of matches in the apartments of Miss Frances Johnson, a school teacher, at 614 Central Park. It was her second attempt to end her life. An unhappy love affair is thought to have impelled the girl to self-destruction.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

H. P. DUNN.

CHI-NAMEL

Gloss or Mission

There will be a CHI-NAMEL Demonstrator at our store on April 26, 27 and 28. Do not miss the opportunity to learn how to secure a new hardwood floor for \$2.50, and how to have a Mission finished dining room, den or sitting room without the expense of removing old paint or varnish.

Any old floor, oil cloth or linoleum made to look like new hardwood, any style of grain. Lessons free by a special instructor.

THE EDERHEIMER STEIN Label stands for the fact that the *makers* stand back of their clothes—that they'll come to the *front* if you're *dis-satisfied*. It guarantees all garments to hold *shape* and give *wear*. They *know* the *service* you'll get out of their suits, because they know how much *good tailoring* they've put into them.

You don't *have* to know anything about clothes—just know about their label. Clothes created *only* for young men. Makers who try to please *two* generations with the *same* garments can't *possibly* do justice to *either*. Smart and snappy. Built with *fit* and *fitness*. The *value* exceeds the *price*.

JOHN CARLSON

**You Buy
And I'll Buy**

Simply buy of your grocer a trial cake of Galvanic Soap for the laundry, price 5c. Then I'll buy for you a full-sized cake of Palmolive Soap never sold for less than 10c—the daintiest toilet and bath soap made—soap that is really delightful.

I do this to introduce Galvanic Laundry Soap. Yet Galvanic Soap is not new and untried. It is an old and true soap.

300,000 Women Use It

I figure that 300,000 housewives now use it every day—use it for laundering and for dish-washing—use it because it is very much better than a merely good soap.

I want you housewives who use merely good soap to know Galvanic—the best—to judge by results which is the best soap.

Galvanic Soap cannot harm the clothes.

I've 36 years' experience crystallized in this soap.

Galvanic makes the clothes cleaner and whiter and goes twice as far as a yellow soap.

No boiling required. No rubbing—except very soiled spots.

Cocoon oil is one reason.

I go 10,349 miles to Ceylon for this oil.

Others won't use it because it's expensive, yet it's immensely effective.

But nothing's too good for those 300,000 who use Galvanic Soap.

They deserve the best, so I make it.

They deserve a big cake for 5c, so I give it. I can afford to make less profit, for they'll always use my soap. Don't you want to know what they're getting? Don't you want to try this soap?

It's Honest Soap

I'm asking a favor—in asking you to take my word till you try it. That's why I'm going to make the first cake worth while regardless of its own value. I'm going to give you 3 times what you pay for when you buy that first cake.

Don't pay 5c for a merely good laundry soap—soap not one-half so effective. Learn what you save and gain—using Galvanic Soap.

Clip coupon *now*—while you think of it.

CALEB E. JOHNSON, Pres't.

Please Note!

If any one of your family has already redeemed one of these coupons you cannot redeem this one.

This offer is made to your family but once, and to but one member. The coupon must be signed by the recipient, giving her address, so we may keep proper record.

B. J. Johnson Soap Co. Milwaukee, Wis.

*This certifies that my grocer has delivered to me FREE one cake of Palmolive Soap on my first purchase of a 5c cake of Galvanic Soap. Also that I never before have accepted this offer.

LEGISLATORS FINISH WORK

Closing Session of the House
Is a Notable One.

ABOLISH AN ANCIENT CUSTOM

Members of the Assembly Refuse to Vote Additional Salary to Employees, But Present Many Tokens of Esteem to Officials—Senators Vote to Give a Few of Their Employees More Money.

St. Paul, April 23.—Having completed its real labors during the small, wee hours Thursday morning, both branches of the legislature met yesterday noon to wind up their affairs and bid farewell. The closing session of the house was a notable one. After placing their stamp of disapproval upon the old custom of voting additional salary to employees and after presenting tokens of esteem to the officials, the members joined in singing "America" as a farewell hymn.

E. E. Lobeck, the Prohibition member, who has been a loser in many a fight during the session, was a winner yesterday and the leader in two unusual proceedings. He first started the collection of \$1 from each member for an employee whose compensation from the state was considered insufficient and later he led the assembly in singing the national hymn.

The senators were not so munificent with their own money. No gifts were presented there except when they vetoed the state's money to employees who had accepted jobs at smaller compensation. E. A. Nelson, engrossing clerk; J. H. Ege, sergeant-at-arms, and Mrs. Elsie Goodnow, all of whom had accepted jobs at \$5 per day, were given an additional \$2.50 a day. Two telephone girls and one telegraph operator were given \$100 each. Other resolutions for extra pay to file clerks and others were turned down.

Turned Down Resolutions.

The house turned down all the resolutions for extra pay. Resolutions giving the sergeant-at-arms and his assistant and the postmaster and his assistant \$2.50 a day in addition to the \$5 a day, which the statute provides, had been offered but were reported for indefinite postponement by the rules committee. C. J. Wohlhuter started a roll call to adopt one resolution in spite of the committee, but it was defeated, 42 to 56.

In the house Speaker Rockne was given a gold watch and chain by the members and a leather chair and mission clock by the employees. Chief Clerk A. H. Vernon, Reading Clerk J. T. Jones, Assistant Clerk Oscar Arneson and Second Assistant F. L. Austin, each was presented with a scarf pin.

There were other presents. L. H. Johnson as an ex-speaker, got a gold chain from the old members. J. G. Lennon was given a diamond ring by his fellow members on the tri-county delegation of which he was chairman. J. A. Dalzell was given a diamond pin for his work as chairman of the tax committee and T. J. Brady was given a diamond ring by those who appreciated his service in introducing the bill which gave the members their next year's salary this year. Speeches were made by all the recipients, and speeches were made by A. K. Ware, W. A. Campbell, L. C. Spooner, G. H. Mattson, D. A. Stuart, John Saugstad and others in the general love feast. Some of those who received presents broke down and wept, and many members shed tears during the parting moments.

No Gifts in the Senate.

There were no gifts in the senate. A resolution thanking Lieutenant Governor Eberhart for his fair dealings with the members was offered by Senator Calhoun.

Among the bills that failed were the school book bill, the Cooke bill which the senate passed and which was never touched by the house, and the Gates bill, which the house passed and the senate never touched.

The elevator device bills failed of passage. The house committee on municipal legislation killed the senate bill and the senate never came to a vote on the Nimocks bill, passed by the house.

The bill to purchase a copy of J. H. Baker's "Lives of the Governors" for each school district at a total cost of \$7,000, which passed the senate after a stiff fight Wednesday, never came to a vote in the house and was lost.

Representative Pfander's bill to prohibit members of the board of control from taking rebates from dealers in supplies, either for themselves or for the state, was left to die on the calendar in the senate.

The senate adopted a resolution of C. J. Swanson ordering the state authorities to stop the sale of state timber land and of all land where the tracts exceeded 160 acres. The officials were also ordered to discontinue selling timber on land owned by the state. The object is to conserve the resources of the state.

One bill that became law in the final shuffle was one requiring all kerosene to be tested as for its specific gravity and the test marked on the retainer.

The Very Best Clothes in America—\$10 to \$25

When we say that CLOTHCRAFT CLOTHES are the very best clothes in America for the average man, we mean exactly that in so many words.

We know what the average man wants:

- Clothes with style
- Clothes that hold style
- Clothes that wear well
- Clothes at sensible prices.

We know that no other clothes in the world combine these four points.

Clothcraft Clothes

Style that Holds—\$10 to \$25

These clothes have style. They are pure wool (guaranteed) and are splendidly tailored. Hence they hold their style and wear well. And they sell at \$10 to \$25.

No other Guaranteed pure wool clothes sell at such prices.

We know the honest men who make CLOTHCRAFT and we know the remarkable processes and methods that enable them to save several dollars in factory costs on each suit or overcoat.

We know that the savings from these processes enable the makers to put better woolsens and better tailoring in these clothes.

We Know How They're Made

And so we know how these clothes can be made so astonishingly good at such low prices.

We have never dared make such strong claims for any other clothes.

We have the future of our business to look to and we would not dare make these claims for CLOTHCRAFT if we did not know them to be true.

We wish we could make you realize that you will make a real mistake if you buy clothes without first looking at CLOTHCRAFT to judge these claims for yourself.

HOLD MEETING IN ST. PAUL

Members of Young Women's Christian Association in Convention.

St. Paul, April 23.—At the opening session of the Young Women's Christian association biennial the living truth of what such a womanhood can accomplish was brought home.

From the coasts of Maine and the shores of California, from gulf cities and lake points, from every state and territory in the Union, more than 500 militant Christian women took part in as splendid and inspiring a proceeding as it has ever been given St. Paul to witness.

Every state and territorial district had its guidon. Every standard had its lone bearer or group of them. The church appeared as a veritable minia-ture of a great national political convention.

Miss Grace Dodge of New York, president of the national board, opened the session. Miss Dodge made a short address in which she reviewed the work of the association, and gave a general outline of the purpose for which the convention has met.

After a short prayer by Rev. Andrew Gillies of Minneapolis, Mrs. Charles P. Noyes, head of the St. Paul body, welcomed the delegates.

The principal address of the session was delivered by Miss Mary E. Woolley, president of Mount Holyoke college, on "The Significance of the Young Women's Christian Association Movement."

ITS RATES HELD TOO HIGH

Senators Nelson and Dolliver Criticize Tariff Bill.

Washington, April 23.—Republican criticism on the pending tariff bill on the ground that its rates were too high were prominent in the senate when Senator Nelson of Minnesota and Senator Dolliver of Iowa attacked various schedules.

Under the guise of discussing the duty on gas retorts a general debate on the tariff was indulged in by Democratic senators, Senator Bailey of Texas taking occasion to say that the bill was discriminatory against the South.

Fifty of the 302 pages of the bill were read.

Geronimo's Successor Chosen.

Lawton, Okla., April 23.—Asa, son of Whoa, has been elected chief of the Apache Indians to succeed Geronimo, the noted warrior who died last February. The election will be submitted to the war department for approval.

To Redden the Blood

Rich, red blood
That is what pale, weak, nervous people need.

Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body.

The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Pills and because of its wonderful blood-building qualities this great restorative has become world famous.

There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good.

MRS. H. HARBROUGH, Mansfield, Ohio, states:—"A child of mine was pale, bloodless, weak and nervous. Dr. A. W. Chase's Nerve Pills acted splendidly, making the nerves strong the blood rich, the color good, and building up the system in every way."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

COMES TO HIS SISTER'S AID

Youth Probably Fatally Wounds Her Fiance.

Plattsburg, N. Y., April 23.—Benny Newman, an eighteen-year-old boy, shot and probably fatally wounded Ben Duken, his sister's fiance, believing he was saving the young woman from serious injury or death. Duken and Bessie Newman were to have been married Thursday night. They quarrelled and Duken seized an axe. The girl screamed for help, and her brother shot Duken three times with a revolver. Bessie Newman was shot in the shoulder by a stray bullet. Newman was arrested.

COMES TO HIS SISTER'S AID

Youth Probably Fatally Wounds Her Fiance.

Plattsburg, N. Y., April 23.—Benny Newman, an eighteen-year-old boy, shot and probably fatally wounded Ben Duken, his sister's fiance, believing he was saving the young woman from serious injury or death. Duken and Bessie Newman were to have been married Thursday night. They quarrelled and Duken seized an axe. The girl screamed for help, and her brother shot Duken three times with a revolver. Bessie Newman was shot in the shoulder by a stray bullet. Newman was arrested.
